PRE-MILAM MASTODON? Unearthed near Pond Creek by a pipeline digging machine, these remains are probably those of a mastodon, ancestor of today's elephant, according to unofficial opinion. The object at left is apparently part of a tusk,

heavy at 8 1/2 pounds. The other is obviously part of a huge animal's leg bone. Jack Pond found the bones on the Ben Massengale farm and brought them home for his wife's collection.

Now With F.M.L.

Beside feeding a mental level 5 to 11 years of age, television has done an equally brilliant job of destroying time or inclination for conversation.

Ever stop to think how long it's been since anyone who visits you when evening television begins has been able to talk?

Ever wonder why a lot of movie programming has turned to garbage? That it may be means to lure people from television?

Ever wonder why political candidates use television more than any other medium, particularly including personal appearances? Can a TV audience talk back or ask questions?

Ever wonder how a generation of college students can be so righteous about social needs and so ill-informed on how to effect change? Isn't this the first generation brought up on TV pebbles?

NOW-NOW-NOW

Television has created engrossment of people in a means of communication, rather than the information it carries. Marshal McLuhan is right: "The medium is the message."

People identify with and are immersed in it. They identify rather than think. Their senses are turned on as surely as their minds are turned off.

Rock bands of the '60's used psychedelic lights to accompany the cacophony of amplified chords and unintelligible mumbles, yells and chants of youth music. The magic of TV's big eye is at least as fascinating as psychedelic lights at a rock concert. And people lose sense of balance and of "place where" in one of these.

Has the American people lost a sense of "place where" through television? Evidence mounts that they have.

NOW-NOW-NOW

Problem On Bleachers...

Trustees Hear Booster Appeal

Cameron school trustees heard an appeal from the Yoe Band Booster Club Thursday night concerning the crowding and traffic problems on the north bleachers at Yoe Field.

Several members of the club, with Lawrence Zoltz as spokesman, attended the regular meeting to present the appeal. Trustees also appointed a textbook committee, discussed transportation insurance, and reviewed the school's sick leave policy.

With no alleyway through the center of the north bleachers, Zoltz said, there is a "tremendous problem" of people constantly moving back and forth, especially in front of the visiting band. Another problem is posed when the bands, both visitors and Yoe, move from the bleachers to the field at halftime, Zoltz said. He added that several costly band instruments have been damaged in the confusion and overcrowding.

Zoltz noted that the situation is even more confusing in the visitors section, with people constantly passing in front of the band and spectators during games. Supt. D. R. Dodson said Rockdale had changed the arrangements at its field by moving the band and student body to the home side, leaving the entire other side for visitors.

A similar arrangement for Cameron was discussed, including possible installation of more seats and cutting an alleyway through the present bleachers. Any new arrangements would be made during the summer, trustees decided.

The textbook committee, which will select books for the next school year includes: Supt. Dodson, John Chubb, Don Wiggins, Arnett Zelisko, Odell Biggs, Dorothy Gause, Tennie Groppe, Viola Biggs, Maxie Morgan, Raynette Kosel, Carl Nelson, Adolph Kretschmar, Patsy Nance, Ron Murdock, Bobby Carter, and Herbert Sims.

The legality of spending tax money for property damage coverage on the school buses was discussed with Jim

Camp, who is the school's current insurance writer.

Camp told trustees that, under the new Tort Claims law effective January of this year, the school's coverage does not provide for property damage liability for school vehicles. He also said that it is against the law for a school to use tax dollars to buy such coverage.

After discussion, trustees moved to pay for the coverage out of the school's general activities fund, which contains revenue from pay phones, candy and soft drink machines, etc.

Other business included discussion of school needs, such as a fire escape for Ada Henderson School, and covered walkways between campus buildings for protection from bad weather.

Absentee Voting To Open Wednesday

For United Fund...

\$10,050 Drive Starts

The Cameron United Fund Drive for \$10,050 will start Tuesday night with a kickoff dinner for workers at Cameron Country Club.

The dinner will start at 7 p.m. with officers and directors of the UF organization and workers in both campaigns attending.

Workers will call on businesses this week in the downtown fund drive. The residential campaign will be conducted Monday, October 26.

The United Fund budget, set in August, includes: \$2750 for Boy Scouts; \$1950 for Girl Scouts; \$2400 for Red Cross; \$2100 for Salvation Army; \$500 for Little League; \$150 for USO; and \$200 for miscellaneous expenses.

Bernay Dusek is UF chairman and

Delbert Burlison is chairman for the residential campaign. Bruce Crook is in charge of arrangements for the kickoff dinner.

Class Of 1960 Plans Reunion October 30-31

Yoe High's 1960 graduating class will have a reunion Homecoming weekend, October 30 - 31.

Dale Smith said about 35 of the 87 member class have made reservations for the reunion at this time. The class will sit together at the Yoe - Caldwell game and attend the annual Homecoming Dance that night. A dinner at Cameron Country Club is planned for Saturday night, Oct. 31.

Smith said 25 members of the 1960 graduating class live in the Cameron area.

Texas Voter Registration Sets Record

Wednesday, Oct. 14, to Friday, Oct. 30, inclusive, is the period for absentee voting by personal appearance in the Nov. 3 general election.

Any qualified voter in Texas who expects to be absent from the county of his residence on Nov. 3 may cast an absentee ballot. To do so, he should take his voter's registration certificate to the county clerk's office during its hours of operation in the Oct. 14 - Oct. 30 period.

In addition to state, district and local races, the Nov. 3 ballot will include seven proposed amendments to the Texas Constitution.

By subject, the proposed amendments relate to:

- (1) censure and removal of judges;
- (2) authority for mixed beverage law;
- (3) assessment of farm, ranch and forest lands;
- (4) reconstitute State Building Commission;
- (5) county road bonds and assessed valuation;
- (6) increase value of homestead exemption from forced sale; and
- (7) authority to consolidate functions of government.

Texas has a record 4,150,645 registered voters this year. Normally, absentee voting accounts for approximately five per cent of the total vote turnout.

City Has Catcher For Loose Dogs

Dogs running loose in Cameron are being picked up by a dog catcher, Police Chief Felipe Martinez said this week, and advises dog owners to keep their dogs tied up or inside a fence.

He said the loose dogs will be picked up whether they are wearing tags or not, and will be kept in the City Pound for at least three days. A \$3 fee will be charged to get the dog out. Unclaimed dogs will be destroyed.

Chief Martinez said the Police Department will take "dog calls" on weekdays, Mondays through Fridays, but not at night.

Breakin Foiled

City Police are investigating an attempted breakin at McDonald's Plumbing Shop. The attempt was made Wednesday night but the would-be thief was scared off by O. B. McDonald, owner of the shop, who was sleeping in the building.

Yoeman Annual

Yoe High School's yearbook, The Yoeman, won first place in the Central Texas Yearbook-Newspaper Clinic at Temple Junior College.

Second place in the yearbook section was awarded to Marlin High School Viesca, edited by Mark Fite and third place went to the Taylor High School Mallard.

AREA FOOTBALL ...

Bulldogs Stop Yoemen, 38-8

The McGregor Bulldogs scored several early touchdowns to stifle the Yoemen 38-8. A good defensive effort kept the Yoemen from touchdown territory until late in the fourth period when halfback Jerry Richardson scored on a 1 yard plunge.

McGregor scored in the first period on a 30 yard sweep by James Daniels. Daniels added the extra two points and the Bulldogs led 8-0.

Early in the second period Daniels scored McGregor's second tally on a 5 yard run. The extra point attempt failed.

The Bulldogs then mixed fine passing with fine running and marched 75 yards to paydirt for their third touchdown of the night. Charlie Johnson did the honors scoring from 1 yard out. McGregor's score at halftime, 20-0.

In third quarter action McGregor again showed power and deception as they drove 62 yards to score. Daniels got his third touchdown on a 3 yard run. The conversion failed.

McGregor's next score came after they held the Yoemen at their own 41. Major Johnson rambled around Yoe's end for 14 yards. This score capped a 59 yard drive. The conversion attempt failed and the score was 32-0.

The Yoemen's lone score came late in the ball game.

Starting at his own 15, Yoe quarterback back Richard Cummings hit halfback Robert Brashear on a 14 yard pass which carried to the 29.

Edward Whitley ripped off 12 yards to the 41. An offside penalty against the Bulldogs made it first and five at Yoe's 46.

Whitley again got the call and answered by ripping off another first down to the McGregor 49.

Cummings stepped off a 12 yard

gain to the 37. There the going got a little tough. Whitley picked up 2 yards, second and eight. Brashear added 2 more.

Facing a third and six, Cummings once again called on Brashear. This time it resulted in a 19 yard pass play that carried to the Bulldog 14. Cummings then fed Whitley for a 2 yard gain.

With second and eight, the Bulldogs got alltime eager and jumped offside. The down was now second and three. Jimmy Bailey was stopped for no gain.

Facing a third and three situation, Cummings once again handed to Brashear who fought his way to the 3 yard line. With a first and goal, Cummings tried Brashear again.

The result was a 2 yard gain to the 1. The Yoe quarterback then handed to Richardson who dove into the end zone.

Cummings then hit Brashear for the extra two points which capped an 85 yard march by the Yoemen.

Time ran out on the Bulldogs at the Yoe 18 after they had traveled 54 yards in the fading moments.

McGregor Nips Yoe Juniors, 18-6

Yoe halfback Stanley Rosemond scored the junior varsity's lone touchdown Thursday night on a 98 yard punt return. Following his blocking well, the speedy youngster outran McGregor defenders to paydirt.

The try for 2 points failed and Yoe led early, 6-0.

Following the second half kickoff McGregor marched 65 yards for their first score. With 4:39 left in the third quarter John Cox scored from 1 yard out.

Thrall 25, Rogers 10

The unbeaten Thrall Tigers added another win Friday night when they downed the Rogers Eagles 25-10 at Eagle Field. Rogers is now 1-1 in district 28-A competition.

Rogers scored on their first possession of the night, marching 60 yards to score. Halfback Eugene Brenek carried for the final 3 yards and tackle Don Mayfield kicked the extra point.

Thrall quickly erased the lead in the second quarter when Tiger halfback De-lanie Rolie slashed his way 5 yards to score, capping a 62 yard drive.

The kick failed but in eight plays Thrall scored again. On the Tigers next possession Rolie broke 53 yards for a touchdown.

The PAT failed and Thrall led 12-7.

After marching 65 yards, Thrall scored the hard way by recovering their own fumble in the end zone. The extra point try failed and the Tigers lead stretched to 18-10.

Final scoring came after an Eagle fumble recovered by the Tigers Eddie Jackson. Billy Carlson ended the play on a final carry of 12 yards up the middle.

Thanks, Mr. Chubb ...

Thanks, Mr. Chubb:
For telling and showing the Cameron Noon Lions and through a Herald story what modern high schools need. We thought for a while during the past seven or eight weeks we were writing Swahili instead of English.

John Chubb, new principal of Yoe High School, showed a film of 1960's vintage, featuring Dr. James Conant, former president of Harvard University, who itemized the need for minimum size high schools anywhere, even Central Texas.

We wrote of these things at least five years ago and drew, apparently, rapt attention of few if any at the time within sight of these words. The time is different. The need is greater. The world is closer. Milam County moves modern. Dr. Conant's presentation, documented by survey after survey of every public system in the country, has telling effect on its audience. Would that his film story, his documentation with students in California and Kansas be heard again and again around the Milam area.

The Diplomatic Pouch

WASHINGTON, D.C. The following letters were recently answered by the Department of State:

U.S.-Soviet Tourism

Please send me the figures of American tourists visiting the Soviet Union, and of Soviet citizens visiting the United States, for the years of 1964, 1965, 1966, 1967, and 1968.

M.K.
Elsinore, Calif.

Dear M.K.:

For the years 1964 through 1966 we estimate American tourism in the Soviet Union to number about 10,000 persons per year. In 1967 this figure was up to 18,000 and our estimate for 1968 was 30,000. This number was probably equalled in the first seven months of 1969. The number of tourist visas issued to Soviet citizens in the past five years was as follows: 246 in 1964; 256 in 1965; 527 in 1966; 802 in 1967; and 1,231 in 1968.

Soviet Consulate

I am very interested in the proposed Soviet Consulate in San Francisco.

I would like to find out if they are planning to hire any local personnel, and if so for what types of employment, and what requirements will have to be met by the employee. If you don't have any information regarding this, would you please refer me to the proper source.

J.R.
San Francisco, Calif.

Dear J.R.:

While we have had some preliminary exchanges with the Soviets regarding the establishment of Consulates General in San Francisco and Leningrad, no final decisions have yet been reached. It is suggested that you direct your query regarding the possibility of employment to the Soviet Embassy, which is located at 1125 16th St., N.W., Washington, D.C. 20036.

Sino-Soviet Border Strife

According to recent reports, tension is building up along the Sino-Soviet border. Rumor has it that the Soviets are buying large amounts of strategic materials overseas and are stockpiling them. The Chinese are said to be building air-raid shelters,

strengthening fortifications, and increasing the tempo of militia training.

I would like to know if you could provide me with further information on these events. Is there any chance that the United States will become involved if fighting breaks out?

F.C.Z.
Brunswick, O.

Dear F.C.Z.:

Concerning recent events on the Sino-Soviet border, the Department has no information available for public release which would add substantially to that which has appeared in the press. We are of course watching developments closely. We can assure you that the United States has no intention of becoming involved in any dispute between the Soviet Union and Communist China.

Do you have an inquiry about U.S. Foreign Policy? Send it to:

Training Programs Enroll More Disabled Veterans

The number of disabled veterans in vocational rehabilitation programs increased 29 percent in the last fiscal year -- from 19,000 to 24,500, Jack Coker, Director of the Veterans Administration Regional Office in Waco reported today.

Discussing a trend of generally higher enrollments since 1967, he noted that 750,000 disabled veterans have trained under the rehabilitation programs since World War II.

Coker said 16,749 disabled veterans were in training in April this year, the peak attendance month.

Coker explained that in addition to a monthly allowance, veterans in vocational rehabilitation programs also receive full tuition payment, books, supplies and any equipment required in their training programs.

He urged disabled veterans interested in entering vocational rehabilitation programs to contact their nearest VA office.

Lott Plans Homecoming

The ex-students of the Lott Public Schools will have their homecoming festivities on the weekend of Oct. 16 and 17.

The homecoming football game will be Friday, Oct. 16 at 8 p.m. Registration of ex-students will be at the school building on Saturday, Oct. 17 at 6 p.m. The program will be presented at 7:30 with a social hour and refreshments to follow.

In 1968, 58% of the United States production of vegetables was mechanically harvested.

COUNTY 4-H COUNCIL gathered last week to watch County Judge O. B. Harden sign a proclamation for 4-H Week. The 256 4-H'ers

in Milam County joined in a nationwide observance of the special week.

Your Serviceman —

DWIGHT COLBERT

FT. KNOX, Ky. Sgt. Dwight L. Colbert, son of Mrs. Helen M. Lewis, has graduated from Drill Sergeant School at Fort Knox, Ky. He is now serving as assistant drill sergeant with Co. A, 12th Bn. at Fort Knox.

Sgt. Colbert is a 1968 graduate of O. J. Thomas High School and entered the Army in June, 1968. He completed basic training at Ft. Polk, La., and served

in Korea. His wife, Linda, is the daughter of Mr. and Mrs. Isaac Stephens of Rt. 1, Buckholts.

BOB H. LITTLE

HAHN, GERMANY U. S. Air Force Technical Sergeant Bob H. Little Jr., son of Mr. and Mrs. Harris Little of Rosebud, is participating in a massive NATO training exercise in West Germany.

Sergeant Little is an armament systems technician on the Holloman AFB, N.M., team supporting F-4 Phantom aircrews

flying in the month-long maneuver -- the second in a projected series of exercises being held as part of the U.S. contribution to increase NATO readiness.

Sergeant Little is a 1956 graduate of Rosebud High School. His wife, Cynthia, is from England.

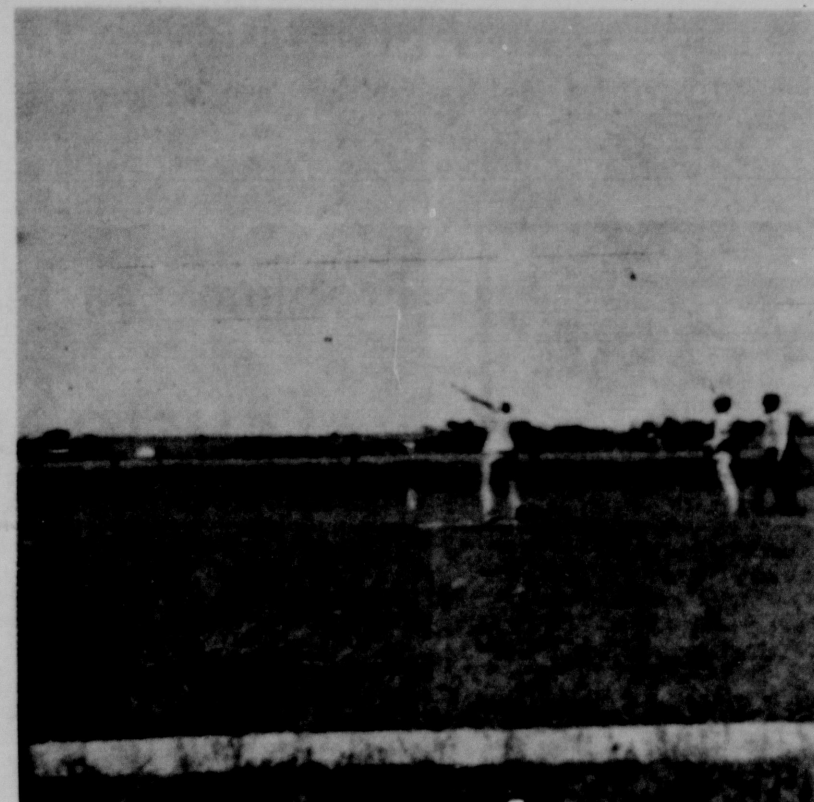

Nickel Coins Replace Silver

Four countries introduced seven denominations of coins in pure nickel for the first time in 1969. Four of the coins replaced those previously minted in silver.

CAMERON'S PARADE OF SPORTS

JIM BLEDSOE on the firing line. Here Jim starts his swing on the "bird." In the next photo, Jim completes his swing and fires. Note the dust from the bird at the extreme left of picture as he scores a hit.

SKREET SHOOTING has come to Cameron. At this time a skeet club is being organized by Jim Bledsoe, Bernay Dusek, John Davis, and Roddy Holcombe, and a skeet range is in the planning stage. Skeet shooting is a lot of fun and the birds are not so easy to hit. Some odd sounds are heard around some places in Cameron as the club members reload their shells. The club members hope to have their range in operation soon and invite anyone who is interested to join them. Over the past eight or nine months Parade of Sports has tried to show the wide variety of sports in which Cameron people are interested and it is amazing just how many different ones there are. Skeet shooting is not a new sport, just new to Cameron.

MEAT CANNING demonstration at Milam County Precinct 3; George Banzhaf, County Agent; Miss Gladys Henry, HD Agent; and County Judge Jeff Kemp.

Home Demonstration Work Spans Six Decades

(Editor's note: Sunday, an historical marker was dedicated on the Milam Courthouse lawn in memory of Mrs. Edna Westbrook Triggs, Texas' first home demonstration agent. The following is a history of HD work in the county over the past six decades.)

Home Demonstration work continued in Milam county after Mrs. Triggs left in 1916. The second home demonstration agent in Milam county was Mrs. Gladys Henry in 1923. Her specialty was canning and she reported eleven entire beef canned in five communities. She also helped the farm women hold kitchen improvement contests.

The first associate home demonstration agent was Mrs. Cornelia Thompson in 1918. Mrs. Lolla Walker followed her in this position in May 1919. Organizing home demonstration clubs was the most important part of the agents job when Miss Etta Ringgold served Milam county as CHDA from 1924-1926. In November 1924, the first HD Club was organized at the Bryant Station community. Miss Ringgold taught the women to make handbags, billfolds, and a variety of other articles.

Miss Velma Montgomery succeeded Miss Ringgold in 1926. This was a period of miscellaneous work when a bread making demonstration was given to one group, a salad making demonstration to another and clothing construction to still another. It was also a period of contests: bread making, butter making, clothing, kitchen and living room improvement contests and the addition of many labor saving appliances to the homes of Milam county.

Yard improvement was the specialty of Miss Minnie V. Bartholomew in 1927. The women enjoyed competing with each other on the beauty of their yards. The first Rally Day was held. The year 1929 brought the first recreation training schools, sponsored jointly by A&M Extension Service and the Russell Sage Foundation. About 75 people were trained in leading community recreation.

By 1932 twenty "Live-at-Home Program" clubs with a combined memberships of 574 were organized. Milam county also had eight 4-H clubs with a total enrollment of 132.

DEPRESSION YEARS

Miss Vertha Fae Strange came to Milam County in 1933 and served until 1936. A big recreational year was in 1934 with 90 parties attended by 10,000 people. The parties helped people find recreation during the depression and helped the HD Clubs financially. Also in 1934, 85% of the people in Milam County were reached with home demonstration club programs. Planning and using the farm food supply was the big program emphasis during this period. Canning and yard improvements flourished. The first assistant Home Demonstration Agent, Miss Imogene LaGrone, was appointed in 1936. In December 1936, Miss Dorothy Porter was employed as home agent of Milam County.

With the help of assistant agent Miss Ada Mae Hinman, Miss Porter started the first home demonstration work by radio in January 1938. 1939 brought programs by home demonstration clubs and 4-H Clubs.

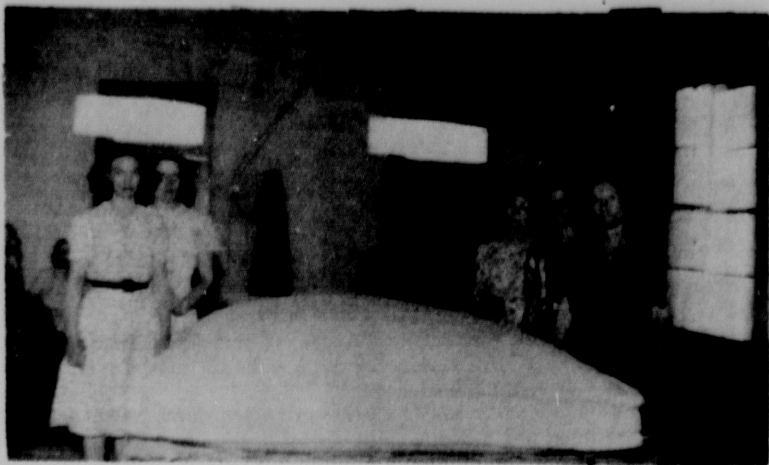

Another milestone during this time was the beginning of the cotton mattress demonstration program in April 1940. When the mattress program closed 5,053 cotton mattresses had been made in 42 centers over the county. Miss Porter was assisted in this program by the following assistant agents, Miss Kathryn Wilson (Mrs. Carroll Green), Miss Ethel McCormick and Miss Thelma Keese.

Lottie Belle Boone became the Associate HDA for Milam County in 1942 and Miss Frances Lucille Cook came as home agent in 1944. Her time in office was highlighted by orchard and garden work and canning everything edible.

WW II YEARS

Like patriotic farm people everywhere, Milam county rural families responded 100% when the United States entered the second World War. Scrap drives, Red Cross, and landscaping McCloskey Hospital all came in for their due share of time and energy.

1945 brought Miss Vivian E. Johnson as HD Agent and Marguerite E. Merriwether was Associate. Clubs devoted their time to remodeling hats, chairseats, home cleaning and pressing, reading centers for the home and the Better Baking Program which ended in a countywide exhibit.

MATTRESS MAKING IN THE 1940s

home agent in 1950. Flower arranging and hooked rugs were popular articles of clubs.

Year in advance planning was instituted under Mrs. Alford. The job of the extension worker was beginning to change from working directly with the clubs to more work with specialists from A&M University.

Mrs. Alice H. Hughes succeeded Mrs. Alford as HD Agent in July 1951. During Mrs. Hughes' term of office she went from meeting the clubs twice a month to four times a year.

June 1959 brought Miss Frances Hembree as agent. Several pilot programs for low income population were carried on during her term.

Associate home demonstration agents for Milam County during the 1950's and 1960's were Mrs. Minnie Ruth Dennis 1953, Miss Vivian R. Pittman 1956, Miss Joy S. Pittman 1963, Mrs. Texanna Manley 1965, and Mrs. Doretha Homes in 1966.

INDUSTRIOUS AGENT

One of the most industrious women to serve Milam County was Miss Anna Marie Ramke who came as home agent in 1964. Furniture refinishing for 4-Hers and clothing programs for homemakers were the main program emphasis during her term. The Milam County committee on Aging was established during her

term of service.

Miss Carol Ann Bennett succeeded Miss Ramke in 1966. Miss Bennett held many clothing and foods workshops for homemakers. She also worked with many Latin Americans throughout Milam County.

The present home demonstration agent, Christine Laws, succeeded Miss Bennett on June 1, 1967. Her job includes HD and 4-H Club programs and leader training meetings, commodity foods work, consumer competence program, general workshops, and feeding the family programs. Mass media work is now a big part of the home agents job with radio programs, circular letter series, and weekly news columns.

One of the major changes in the five areas of Focus. The areas of concern as Family Stability, Family Housing, Family Health, Consumer Competence, and Community Resource Development.

Home demonstration agent work in Milam County has come a long way since the Tomato Clubs in 1911. It is hoped that the people of Milam County and the Extension Service will continue to progress and make this a better place to work and live.

(From "Extension Work in Milam County" by Regina Fleming.)

Redecorating homes was the main objective of the ladies of home demonstration clubs when Mrs. Bertie Alford became the

OUTDOORS IN TEXAS

BY VERN SANFORD

Here's an unusual outdoors story! We got a chuckle out of it . . . and perhaps you may, too.

Most everyone has heard the story of the hunter who had an exceptional retriever. It walked on water!

One day the hunter took a friend out in his boat, along with that supernatural dog. As soon as a flock of ducks flew overhead, the dog owner aimed, fired and dropped a duck into the lake. Immediately, the dog jumped out of the boat and walked on top of the water to the felled bird, mouthed it and . . . again walking on top of the water . . . returned to the hunters with the duck. There was no comment from the other hunter.

It wasn't long until his master shot another duck; and the dog repeated his water-walking act. Still no comment!

When it happened the third time and his companion hadn't emitted a word, the dog owner finally asked his friend "What do you think of my retriever?" To which the second hunter replied: "I think he oughta learn how to swim!"

Maybe that wasn't a true story—but this one is.

UT Journalism Prof. Olin Hinkle has a place on Lake Travis to relax and fish. One of his neighbors has a fine dog that has been taught to retrieve and loves to do it. Also to swim!

Often, while Olin is fishing from his boat, the dog will jump into the water, swim out to the boat and join the professor.

Being a retriever, the animal jumps overboard after every cast and heads for the spot where Olin's top-water chugger is making noise. This poses a problem for Olin for he has to be sure that the lure and its hooks never get too close to the dog.

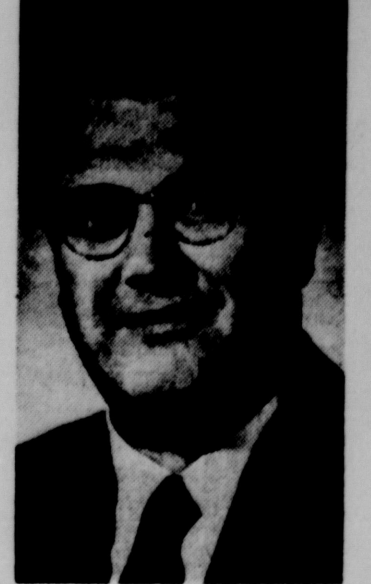

One time, unfortunately, it happened. The dog grabbed the lure in its mouth and headed back to the boat. It climbed aboard with the hooks still in its jaws.

Olin finally removed the sharp points of the treble hooks from the retriever's mouth as it sat there calmly awaiting attention and emitting not one whine.

But, did you ever see a fisherman reeling in a dog? That's how it looked to strangers.

Another of Hinkle's Lake Travis neighbors has a water-loving dog that enjoys a swim too. In fact, he's so fond of being in the water, that the animal mystifies the new boaters in the area when they see him sitting on large, just barely submerged boulders some distance from shore.

Can you imagine a boater turning the corner in a cove and coming upon a dog just resting there on top of the water, in the middle of the lake? That's how it looks and that's what he does. And often too!

ROBERT SALACH Is Promoted

Robert Lee Salach, son of Mrs. Steve Salach Jr. of Cameron, has been promoted to assistant master mechanic at Northern Indiana Public Service Co.'s Gary Generating Station.

A Yoe High School graduate, Salach received an electrical certificate from Chapman College in Los Angeles. He also attended Rets Electronic School in Hammond, Ind.

He served three years with the United States Navy in World War II and was discharged with the rank of Petty Officer Electrician's Mate First Class. He joined NIPSCO July 6, 1961.

BOOK FAIR AHEAD - Friends of the Library officers (l to r) Mrs. Jim Camp, Mrs. Delbert Burlison and Mrs. Jack Tumlinson look through books for the upcoming Book Fair. Duplicate books in the Cameron Public Library and book donations will be sold with

proceeds to be used for the purchase of new library books. Donations of hard back and paper back books are needed for the fair and may be left at the Cameron Public Library, or will be picked up by calling 697-2157.

Greetings,

To Mr. and Mrs. Mike Taylor, a boy, Timothy Lane, 5 pounds 9 1/2 ounces, born 4:50 p.m. September 23 at Scott and White Hospital, Temple.

To Mr. and Mrs. C. Mark Duval of Dallas, a girl, Laurie Marie, 8 pounds 4 1/2 ounces, born 6:39 p.m. September 29. A baby brother, Mark Edward, was adopted by the Duvals last January. Grandparents are Mrs. Ruben Johnson of Cameron and the late Ruben Johnson, and Mr. and Mrs. Joe Duval of Sherman. Mrs. Duval is the former Louise Johnson of Cameron.

Nickel Finds Many Uses

Nickel is one of the most versatile elements in the world. Fully 820 million pounds of it were consumed in the free world in 1969, and the major uses were for consumer, residential and institutional products. Industrial and transportation equipment came next, followed by the automotive industry, which ranked third.

Study Club Program On Good Driving

Mrs. Bartow Jackson was hostess to the Pleasure and Profit Club at her home on October 8. Mr. Floyd Tippit, director of Education for the Texas Department of Public Safety, presented the program, "The Right Side of the Road."

Mr. Tippit explained some recent driver laws and discussed special driving problems. He emphasized the problem of the slow driver who persists in driving in the middle or left of the highway. He also explained the tests given the driver who drinks.

A question and answer period followed when Mr. Tippit assured members that he would rather speak to club members at a meeting than on the side of a highway when they might be stopped for a traffic violation.

The president, Mrs. J. A. Bowling presided over a short business session.

The hostess served chicken salad in toast crisps, applesauce cake with whipped cream and coffee.

The Club adjourned to meet on October 17 for a luncheon at Frank's on Lake Belton. Mrs. W. F. Grimes will present a book review.

GOLDEN WEDDING - Mr. and Mrs. Herman Dorner Sr. of Burlington will celebrate their 50th wedding anniversary Sunday, October 18. An open house will honor the couple at Burlington Hall, from 2 to 5 that afternoon. Friends and relatives are invited.

Rock Show To Open At Temple Mall

Fossils, Indian artifacts, faceted stones, cabachons and mineral specimens will be on display next week at the Tri-City Gem and Mineral Society's first annual Gem and Mineral Show.

The show, free to the public, will be located in the Towne & Country Shopping Center mall at Temple Thursday, Oct. 15 through Saturday, Oct. 17, from 9 a.m. each day.

Of special interest will be: tekites -- including the largest one found in North America. These rocks are considered by some authorities to be of celestial origin.

Local, well-preserved Indian skeleton and related artifacts.

Talking with club members about interesting rocks found locally plus how to work them up into attractive displays or jewelry.

Largest coral formation in the world is the Great Barrier Reef which is 1,350 miles long.

Buckholts Class Has Reunion

The Buckholts High School Class of 1960 held its first class reunion prior to the Buckholts versus Aquilla Homecoming football game Saturday.

Those attending were Marc and Wanda Gersbach of Waco; Carroll Wayne and Sandra Glaser and daughter Julie, of Rockdale; Donald Ray and Stella Glaser and daughters, Carol and Janet of Mesquite;

Also, James and Jeannette Glaser and children, Deborah and Darrell, of Buckholts; Stanley J. and La Velle Glaser and

daughter Jocelyn, of Buckholts; Mrs. Rosie Gonzales of Buckholts;

And, Edward and Nancy Green and daughters Kathleen and Jennifer, of Friendswood; and Martin and Obeta Martinez and son Ralph of Christman.

The next class reunion will be held in 1975.

St. Monica's Ladies Meet

St. Monica's Ladies Society met Tuesday for a regular monthly meeting with good attendance and three new members present.

Committees gave reports with Mrs. Pete Mikula reporting that seven Ladies were at the blood bank and the Ladies will help with the United Fund drive.

It was voted to pay the remaining part of the \$500 pledged to St. Edward Hospital building fund.

The St. Monica's Society will serve the 4-H Awards banquet at Simon George Hall November 19. Mrs. Frank Hanel is chairman of the banquet meal.

The national convention will be held in Minneapolis in November and several Ladies from the diocese of Austin will attend.

J. Duncum Is Promoted

John M. Duncum, son of Mr. and Mrs. M. C. Duncum of Cameron, has been promoted to associate general manager in the real estate investment department of the Prudential Insurance Co. at Newark, N.J.

Before his promotion, Duncum was a manager, real estate investments in the company's Southwestern home office at Houston.

He is a native of Texas and received his bachelor's degree from Abilene Christian College and a master's degree from Sam Houston State University.

Duncum joined Prudential in its Dallas real estate investment office in 1963.

Republican Women Form Club

The new Milam County Republican Women's Club held its first monthly meeting Thursday in Rockdale, and elected officers for the coming year as highlight of its program.

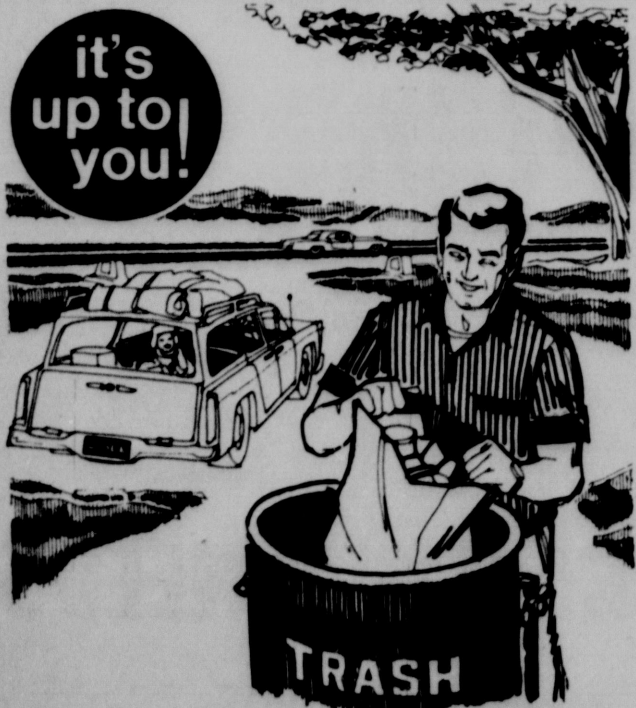

Sixteen members attended the meeting, which was held in the Rockdale State Bank's community room.

Officers elected were Mrs. John Mudge of Rockdale, president; Mrs. Edwin Lehmann of Buckholts, vice president; and Mrs. Tom Beery of Rockdale, secretary-treasurer.

The Milam County Republican Women's Club will hold its meetings on the second Thursday of each month. The November meeting will be held in Cameron in the First National Bank's community and directors room. Arrangements are being completed to have a speaker for the program.

Taking a Powder

Nickel is playing a leading role in the expansion of the powder metal industry. Powdered metal combined with other metallic powders is compressed and heated to make complex parts of high strength and durability with a minimum of machining and waste.

stash the trash

HELP KEEP TEXAS HIGHWAYS BEAUTIFUL

You are the one who can help eliminate highway litter. It isn't easy. The easy way to get rid of cartons, cans and containers is to leave an ugly, expensive trail of refuse along the road.

Responsible citizens don't litter.

PRE-MILAM MASTODON? Unearthed near Pond Creek by a pipeline digging machine, these remains are probably those of a mastodon, ancestor of today's elephant, according to unofficial opinion. The object at left is apparently part of a tusk,

heavy at 8 1/2 pounds. The other is obviously part of a huge animal's leg bone. Jack Pond found the bones on the Ben Massengale farm and brought them home for his wife's collection.

Absentee Voting To Open Wednesday

For United Fund...

\$10,050 Drive Starts

The Cameron United Fund Drive for \$10,050 will start Tuesday night with a kickoff dinner for workers at Cameron Country Club.

The dinner will start at 7 p.m. with officers and directors of the UF organization and workers in both campaigns attending.

Workers will call on businesses this week in the downtown fund drive. The residential campaign will be conducted Monday, October 26.

The United Fund budget, set in August, includes: \$2750 for Boy Scouts; \$1950 for Girl Scouts; \$2400 for Red Cross; \$2100 for Salvation Army; \$500 for Little League; \$150 for USO; and \$200 for miscellaneous expenses.

Bernay Dusek is UF chairman and

Delbert Burlison is chairman for the residential campaign. Bruce Crook is in charge of arrangements for the kickoff dinner.

Class Of 1960 Plans Reunion October 30-31

Yoe High's 1960 graduating class will have a reunion Homecoming weekend, October 30 - 31.

Dale Smith said about 35 of the 87 member class have made reservations for the reunion at this time. The class will sit together at the Yoe - Caldwell game and attend the annual Homecoming Dance that night. A dinner at Cameron Country Club is planned for Saturday night, Oct. 31.

Smith said 25 members of the 1960 graduating class live in the Cameron area.

Texas Voter Registration Sets Record

Wednesday, Oct. 14, to Friday, Oct. 30, inclusive, is the period for absentee voting by personal appearance in the Nov. 3 general election.

Any qualified voter in Texas who expects to be absent from the county of his residence on Nov. 3 may cast an absentee ballot. To do so, he should take his voter's registration certificate to the county clerk's office during its hours of operation in the Oct. 14 - Oct. 30 period.

In addition to state, district and local races, the Nov. 3 ballot will include seven proposed amendments to the Texas Constitution.

By subject, the proposed amendments relate to:

- (1) censure and removal of judges;
- (2) authority for mixed beverage law;
- (3) assessment of farm, ranch and forest lands;
- (4) reconstitute State Building Commission;
- (5) county road bonds and assessed valuation;
- (6) increase value of homestead exemption from forced sale; and
- (7) authority to consolidate functions of government.

Texas has a record 4,150,645 registered voters this year. Normally, absentee voting accounts for approximately five per cent of the total vote turnout.

Now With F.M.L.

Beside feeding a mental level 5 to 11 years of age, television has done an equally brilliant job of destroying time or inclination for conversation.

Ever stop to think how long it's been since anyone who visits you when evening television begins has been able to talk?

Ever wonder why a lot of movie programming has turned to garbage? That it may be means to lure people from television?

Ever wonder why political candidates use television more than any other medium, particularly including personal appearances? Can a TV audience talk back or ask questions?

Ever wonder how a generation of college students can be so righteous about social needs and so ill-informed on how to effect change? Isn't this the first generation brought up on TV pabulum?

NOW-NOW-NOW

Television has created engrossment of people in a means of communication, rather than the information it carries. Marshal McLuhan is right: "The medium is the message."

People identify with and are immersed in it. They identify rather than think. Their senses are turned on as surely as their minds are turned off.

Rock bands of the '60's used psychedelic lights to accompany the cacophony of amplified chords and unintelligible mumbles, yells and chants of youth music. The magic of TV's big eye is at least as fascinating as psychedelic lights at a rock concert. And people lose sense of balance and of "place where" in one of these.

Has the American people lost a sense of "place where" through television? Evidence mounts that they have.

Problem On Bleachers...

Trustees Hear Booster Appeal

Cameron school trustees heard an appeal from the Yoe Band Booster Club Thursday night concerning the crowding and traffic problems on the north bleachers at Yoe Field.

Several members of the club, with Lawrence Zots as spokesman, attended the regular meeting to present the appeal. Trustees also appointed a textbook committee, discussed transportation insurance, and reviewed the school's sick leave policy.

With no alleyway through the center of the north bleachers, Zots said, there is a "tremendous problem" of people constantly moving back and forth, especially in front of the visiting band.

Another problem is posed when the bands, both visitors and Yoe, move from the bleachers to the field at halftime, Zots said. He added that several costly band instruments have been damaged in the confusion and overcrowding.

Zots noted that the situation is even more confusing in the visitors section, with people constantly passing in front of the band and spectators during games.

Supt. D. R. Dodson said Rockdale had changed the arrangements at its field by moving the band and student body to the home side, leaving the entire other side for visitors.

A similar arrangement for Cameron was discussed, including possible installation of more seats and cutting an alleyway through the present bleachers. Any new arrangements would be made during the summer, trustees decided.

The textbook committee, which will select books for the next school year includes: Supt. Dodson, John Chubb, Don Wiggins, Arnett Zelisko, Odell Biggs, Dorothy Gause, Tennie Groppe, Viola Blagg, Maxie Morgan, Raynette Kosel, Carl Nelson, Adolph Kretschmar, Patsy Nance, Ron Murdock, Bobby Carter, and Herbert Sims.

The legality of spending tax money for property damage coverage on the school buses was discussed with Jim

Camp, who is the school's current insurance writer.

Camp told trustees that, under the new Tort Claims law effective January of this year, the school's coverage does not provide for property damage liability for school vehicles. He also said that it is against the law for a school to use tax dollars to buy such coverage.

After discussion, trustees moved to pay for the coverage out of the school's general activities fund, which contains revenue from pay phones, candy and soft drink machines, etc.

Other business included discussion of school needs, such as a fire escape for Ada Henderson School, and covered walkways between campus buildings for protection from bad weather.

AREA FOOTBALL ...

Bulldogs Stop Yoemen, 38-8

The McGregor Bulldogs scored several early touchdowns to stifle the Yoemen 38-8. A good defensive effort kept the Yoemen from touchdown territory until late in the fourth period when halfback Jerry Richardson scored on a 1 yard plunge.

McGregor scored in the first period on a 30 yard sweep by James Daniels. Daniels added the extra two points and the Bulldogs led 8-0.

Early in the second period Daniels scored McGregor's second tally on a 5 yard run. The extra point attempt failed.

The Bulldogs then mixed line passing with fine running and marched 75 yards to paydirt for their third touchdown of the night. Charlie Johnson did the honors scoring from 1 yard out. McGregors bid for two failed. Score at halftime, 20-0.

In third quarter action McGregor again showed power and deception as they drove 62 yards to score. Daniels got his third touchdown on a 3 yard run. The conversion failed.

McGregors next score came after they held the Yoemen at their own 41. Major Johnson rambled around Yoe's end for 14 yards. This score capped a 59 yard drive. The conversion attempt failed and the score was 32-0.

The Yoemen's lone score came late in the ball game.

Starting at his own 15, Yoe quarter back Richard Cummings hit halfback Robert Brashear on a 14 yard pass which carried to the 29.

Edward Whitley ripped off 12 yards to the 41. An offside penalty against the Bulldogs made it first and five at Yoe's 46.

Whitley again got the call and answered by ripping off another first down to the McGregor 49.

Cummings stepped off a 12 yard

gain to the 37. There the going got a little tough. Whitley picked up 2 yards, second and eight. Brashear added 2 more.

Facing a third and six, Cummings once again called on Brashear. This time it resulted in a 19 yard pass play that carried to the Bulldog 14. Cummings then fed Whitley for a 2 yard gain.

With second and eight, the Bulldogs got alltime eager and jumped offside. The down was now second and three. Jimmy Bailey was stopped for no gain.

Facing a third and three situation, Cummings once again handed to Brashear who fought his way to the 3 yard line. With a first and goal, Cummings tried Brashear again.

The result was a 2 yard gain to the 1. The Yoe quarterback then handed to Richardson who dove into the end zone.

Cummings then hit Brashear for the extra two points which capped an 85 yard march by the Yoemen.

Time ran out on the Bulldogs at the Yoe 18 after they had traveled 54 yards in the fading moments.

McGregor Nips Yoe Juniors, 18-6

Yoe halfback Stanley Rosemond scored the junior varsity's lone touchdown Thursday night on a 98 yard punt return. Following his blocking well, the speedy youngster outran McGregor defenders to paydirt.

The try for 2 points failed and Yoe led early, 6-0.

Following the second half kickoff McGregor marched 65 yards for their first score. With 4:39 left in the third quarter John Cox scored from 1 yard out.

Football Scores ...

Rosebud-Lott 52, Teague 6
Lampasas 21, Rockdale 6
Thrall 25, Rogers 6
Llano 10, Georgetown 6
Westlake 19, Hays 6
S. A. Randolph 20, Round Rock 12
Luling 34, Elgin 0
Pflugerville 60, Thorndale 0

The conversion attempt failed.

On the Bulldogs' next possession a 57 yard tie-breaking romp by halfback Billy Daniels put McGregor ahead to stay.

Final score came on an 8 yard scamper by John Cox.

The Yoe defense repeatedly stopped the Bulldogs at their goal line. Outstanding on defense were Allan Coleman, Jack Chubb, David Hornung, Joseph Jistel and Steve Kirk.

Thrall 25, Rogers 10

The unbeaten Thrall Tigers added another win Friday night when they downed the Rogers Eagles 25-10 at Eagle Field. Rogers is now 1-1 in district 28-A competition.

Rogers scored on their first possession of the night, marching 60 yards to score. Halfback Eugene Brenek carried for the final 3 yards and tackle Don Mayfield kicked the extra point.

Thrall quickly erased the lead in the second quarter when Tiger halfback De-lanie Rolie slashed his way 5 yards to score, capping a 62 yard drive.

The kick failed but in eight plays Thrall scored again. On the Tigers next possession Rolie broke 53 yards for a touchdown.

The PAT failed and Thrall led 12-7. After marching 65 yards, Thrall scored the hard way by recovering their own fumble in the end zone. The extra point try failed and the Tigers lead stretched to 18-10.

Final scoring came after an Eagle fumble recovered by the Tigers Eddie Jackson. Billy Carlson ended the play on a final carry of 12 yards up the middle.

Thanks, Mr. Chubb ...

Thanks, Mr. Chubb:
For telling and showing the Cameron Noon Lions and through a Herald story what modern high schools need. We thought for a while during the past seven or eight weeks we were writing Swahili instead of English.

John Chubb, new principal of Yoe High School, showed a film of 1960's vintage, featuring Dr. James Conant, former president of Harvard University, who itemized the need for minimum size high schools anywhere, even Central Texas.

We wrote of these things at least five years ago and drew, apparently, rapt attention of few if any at the time within sight of these words.

The time is different. The need is greater. The world is closer. Milam County moves modern.

Dr. Conant's presentation, documented by survey after survey of every public system in the country, has telling effect on its audience.

Would that his film story, his documentation with students in California and Kansas be heard again and again around the Milam area.

Training Programs Enroll More Disabled Veterans

The number of disabled veterans in vocational rehabilitation programs increased 29 percent in the last fiscal year -- from 19,000 to 24,500, Jack Coker, Director of the Veterans Administration Regional Office in Waco reported today.

Discussing a trend of generally higher enrollments since 1967, he noted that 750,000 disabled veterans have trained under the rehabilitation programs since World War II.

Coker said 16,749 disabled veterans were in training in April this year, the peak attendance month.

Coker explained that in addition to a monthly allowance, veterans in vocational rehabilitation programs also receive full tuition payment, books, supplies and any equipment required in their training programs.

He urged disabled veterans interested in entering vocational rehabilitation programs to contact their nearest VA office.

Your Serviceman —

DWIGHT COLBERT

FT. KNOX, Ky.
Sgt. Dwight L. Colbert, son of Mrs. Helen M. Lewis, has graduated from Drill Sergeant School at Fort Knox, Ky. He is now serving as assistant drill sergeant with Co. A, 12th Bn. at Fort Knox.

Sgt. Colbert is a 1968 graduate of O. J. Thomas High School and entered the Army in June, 1968. He completed basic training at Ft. Polk, La., and served

in Korea. His wife, Linda, is the daughter of Mr. and Mrs. Isaac Stephens of Rt. 1, Buckholts.

BOB H. LITTLE

HAHN, GERMANY
U. S. Air Force Technical Sergeant Bob H. Little Jr., son of Mr. and Mrs. Harris Little of Rosebud, is participating in a massive NATO training exercise in West Germany.

Sergeant Little is an armament systems technician on the Holloman AFB, N.M., team supporting F-4 Phantom aircrews

flying in the month-long maneuver -- the second in a projected series of exercises being held as part of the U.S. contribution to increase NATO readiness.

Sergeant Little is a 1956 graduate of Rosebud High School. His wife, Cynthia, is from England.

Nickel Coins Replace Silver
Four countries introduced seven denominations of coins in pure nickel for the first time in 1969. Four of the coins replaced those previously minted in silver.

The Diplomatic Pouch

WASHINGTON, D.C. The following letters were recently answered by the Department of State:

U.S.-Soviet Tourism

Please send me the figures of American tourists visiting the Soviet Union, and of Soviet citizens visiting the United States, for the years of 1964, 1965, 1966, 1967, and 1968.

M.K.
Elsinore, Calif.

Dear M.K.:

For the years 1964 through 1966 we estimate American tourism in the Soviet Union to number about 10,000 persons per year. In 1967 this figure was up to 18,000 and our estimate for 1968 was 30,000. This number was probably equalled in the first seven months of 1969.

The number of tourist visas issued to Soviet citizens in the past five years was as follows: 246 in 1964; 256 in 1965; 527 in 1966; 802 in 1967; and 1,231 in 1968.

Soviet Consulate

I am very interested in the proposed Soviet Consulate in San Francisco,

I would like to find out if they are planning to hire any local personnel, and if so for what types of employment, and what requirements will have to be met by the employee. If you don't have any information regarding this, would you please refer me to the proper source.

J.R.
San Francisco, Calif.

Dear J.R.:

While we have had some preliminary exchanges with the Soviets regarding the establishment of Consulates General in San Francisco and Leningrad, no final decisions have yet been reached. It is suggested that you direct your query regarding the possibility of employment to the Soviet Embassy, which is located at 1125 16th St., N.W., Washington, D.C. 20036.

Sino-Soviet Border Strife

According to recent reports, tension is building up along the Sino-Soviet border. Rumor has it that the Soviets are buying large amounts of strategic materials overseas and are stockpiling them. The Chinese are said to be building air-raid shelters,

strengthening fortifications, and increasing the tempo of militia training.

I would like to know if you could provide me with further information on these events. Is there any chance that the United States will become involved if fighting breaks out?

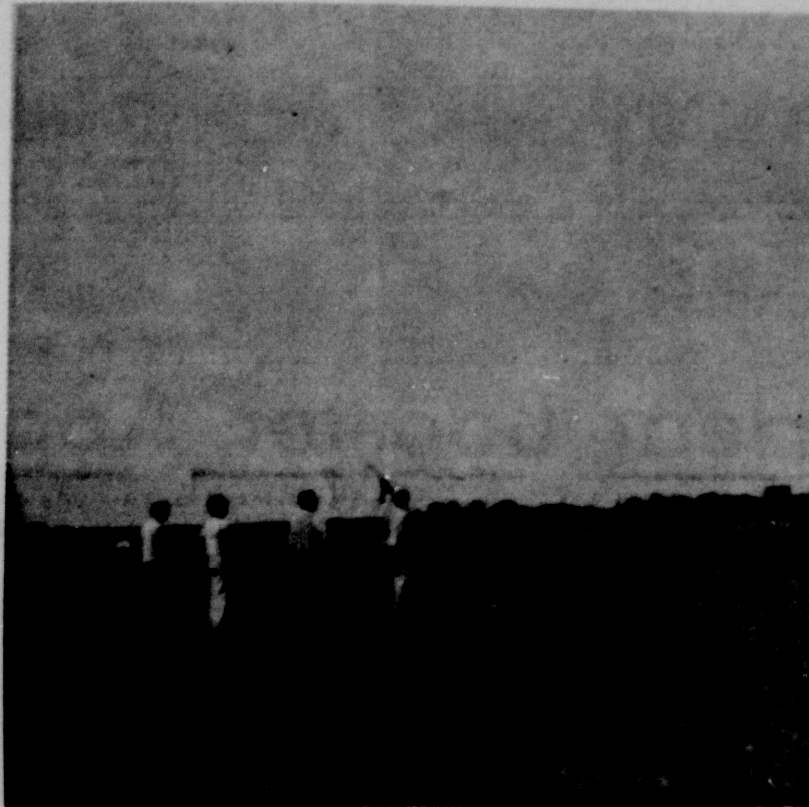

F.C.Z.
Brunswick, O.

Dear F.C.Z.:

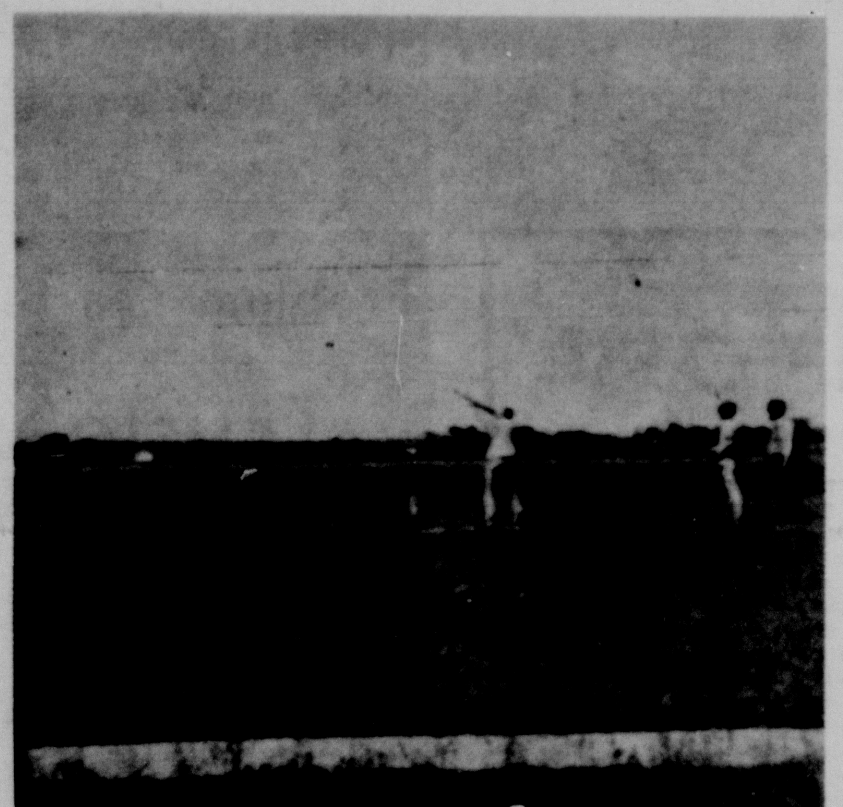

Concerning recent events on the Sino-Soviet border, the Department has no information available for public release which would add substantially to that which has appeared in the press. We are of course watching developments closely. We can assure you that the United States has no intention of becoming involved in any dispute between the Soviet Union and Communist China.

Do you have an inquiry about U.S. Foreign Policy? Send it to: "The Diplomatic Pouch" P/MS Room 4835 U.S. Department of State Washington, D.C. 20520

CAMERON'S PARADE OF SPORTS

JIM BLEDSOE on the firing line. Here Jim starts his swing on the "bird." In the next photo, Jim completes his swing and fires. Note the dust from the bird at the extreme left of picture as he scores a hit.

SKEET SHOOTING has come to Cameron. At this time a skeet club is being organized by Jim Bledsoe, Bernay Dusek, John Davis, and Roddy Holcombe, and a skeet range is in the planning stage. Skeet shooting is a lot of fun and the birds are not so easy to hit. Some odd sounds are heard around some places in Cameron as the club members reload their shells. The club members hope to have their range in operation soon and invite anyone who is interested to join them. Over the past eight or nine months Parade of Sports has tried to show the wide variety of sports in which Cameron people are interested and it is amazing just how many different ones there are. Skeet shooting is not a new sport, just new to Cameron.

MEAT CANNING demonstration at Milam County, 1924. From left, Miss Jessie Stone, District 8 Agent; Mr. Hurston, County

Commissioner Precinct 3; George Banzhaf, County Agent; Miss Gladys Henry, HD Agent; and County Judge Jeff Kemp.

Home Demonstration Work Spans Six Decades

(Editor's note: Sunday, an historical marker was dedicated on the Milam Courthouse lawn in memory of Mrs. Edna Westbrook Triggs, Texas' first home demonstration agent. The following is a history of HD work in the county over the past six decades.)

Home Demonstration work continued in Milam county after Mrs. Triggs left in 1916. The second home demonstration agent in Milam county was Mrs. Gladys Henry in 1923. Her specialty was canning and she reported eleven entire beef canned in five communities. She also helped the farm women hold kitchen improvement contests.

The first associate home demonstration agent was Mrs. Cornelia Thompson in 1918. Mrs. Lola Walker followed her in this position in May 1919. Organizing home demonstration clubs was the most important part of the agents' job when Miss Etta Ringgold served Milam county as CHDA from 1924-1926. In November 1924, the first HD Club was organized at the Bryant Station community. Miss Ringgold taught the women to make handbags, billfolds, and a variety of other articles.

Miss Velma Montgomery succeeded Miss Ringgold in 1926. This was a period of miscellaneous work when a bread making demonstration was given to one group, a salad making demonstration to another and clothing construction to still another. It was also a period of contests: bread making, butter making, clothing, kitchen and living room improvement contests and the addition of many labor saving appliances to the homes of Milam county.

Yard improvement was the specialty of Miss Minnie V. Bartholomew in 1927. The women enjoyed competing with each other on the beauty of their yards. The first Rally Day was held.

The year 1929 brought the first recreation training schools, sponsored jointly by A&M Extension Service and the Russell Sage Foundation. About 75 people were trained in leading community recreation.

By 1932 twenty "Live-at-Home Program" clubs with a combined membership of 574 were organized. Milam county also had eight 4-H clubs with a total enrollment of 132.

DEPRESSION YEARS

Miss Vertha Fae Strange came to Milam County in 1933 and served until 1936. A big recreational year was in 1934 with 90 parties attended by 10,000 people. The parties helped people find recreation during the depression and helped the HD Clubs financially. Also in 1934, 85% of the people in Milam County were reached with home demonstration club programs. Planning and using the farm food supply was the big program emphasis during this period. Canning and yard improvements flourished.

The first assistant Home Demonstration Agent, Miss Imogene LaGrone, was appointed in 1936. In December 1936, Miss Dorothy Porter was employed as home agent of Milam County.

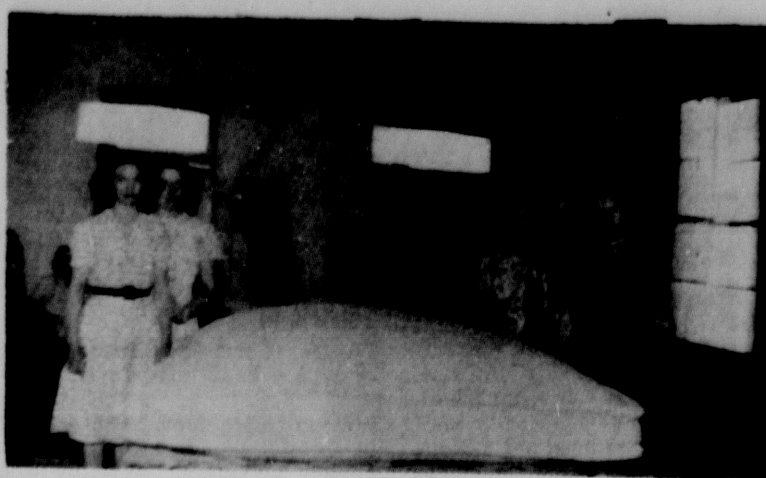

With the help of assistant agent Miss Ada Mae Hinman, Miss Porter started the first home demonstration work by radio in January 1938. 1939 brought programs by home demonstration clubs and 4-H Clubs.

Another milestone during this time was the beginning of the cotton mattress demonstration program in April 1940. When the mattress program closed 5,053 cotton mattresses had been made in 42 centers over the county. Miss Porter was assisted in this program by the following assistant agents, Miss Kathryn Wilson (Mrs. Carroll Green), Miss Ethel McCormick and Miss Thelma Keese.

Lottie Belle Boone became the Associate HDA for Milam County in 1942 and Miss Frances Lucille Cook came as home agent in 1944. Her time in office was highlighted by orchard and garden work and canning everything edible.

WW II YEARS
Like patriotic farm people everywhere, Milam county rural families responded 100% when the United States entered the second World War. Scrap drives, Red Cross, and landscaping McCloskey Hospital all came in for their due share of time and energy.

1945 brought Miss Vivian E. Johnson as HD Agent and Marguerite E. Merriwether was Associate. Clubs devoted their time to remodeling hats, chairseats, home cleaning and pressing, reading centers for the home and the Better Baking Program which ended in a countywide exhibit.

MATTRESS MAKING IN THE 1940s

home agent in 1950. Flower arranging and hooked rugs were popular articles of clubs.

Year in advance planning was instituted under Mrs. Alford. The job of the extension worker was beginning to change from working directly with the clubs to more work with specialists from A&M University.

Mrs. Alice H. Hughes succeeded Mrs. Alford as HD Agent in July 1951. During Mrs. Hughes' term of office she went from meeting the clubs twice a month to four times a year. June 1959 brought Miss Frances Hembree as agent. Several pilot programs for low income population were carried on during her term.

Associate home demonstration agents for Milam County during the 1950's and 1960's were Mrs. Minnie Ruth Dennis 1953, Miss Vivian R. Pittman 1956, Miss Joy S. Pittman 1963, Mrs. Texanna Manley 1965, and Mrs. Doretha Homes in 1966.

INDUSTRIOUS AGENT

One of the most industrious women to serve Milam County was Miss Anna Marie Ramke who came as home agent in 1964. Furniture refinishing for 4-Hers and clothing programs for homemakers were the main program emphasis during her term. The Milam County committee on Aging was established during her

term of service.

Miss Carol Ann Bennett succeeded Miss Ramke in 1966. Miss Bennett held many clothing, and foods workshops for homemakers. She also worked with many Latin Americans throughout Milam County.

The present home demonstration agent, Christine Laws, succeeded Miss Bennett on June 1, 1967. Her job includes HD and 4-H Club programs and leader training meetings, commodity foods work, consumer competence program, general workshops, and feeding the family programs. Mass media work is now a big part of the home agents' job with radio programs, circular letter series, and weekly news columns.

One of the major changes in the five areas of Focus. The areas of concern as Family Stability, Family Housing, Family Health, Consumer Competence, and Community Resource Development.

Home demonstration agent work in Milam County has come a long way since the Tomato Clubs in 1911. It is hoped that the people of Milam County and the Extension Service will continue to progress and make this a better place to work and live.

(From "Extension Work in Milam County" by Regina Fleming.)

Redecorating homes was the main objective of the ladies of home demonstration clubs when Mrs. Bertie Alford became the

Clarkson News

By Mrs. Gerald Foshee

The annual G.F.M.A.A. local #35 meeting was held Sat. Oct. 3 at the Burlington Recreation Hall.

The Burlington Cemetery Association met Monday night Oct. 5 at the Burlington Recreation Hall with 6 members present.

Mrs. Mary Henke of Temple spent Saturday visiting Mrs. Henrietta Hagerty and Kathleen and Mrs. Annie Klein.

Mr. and Mrs. Lester Lindeman and family of Hearne visited Mr. and Mrs. Ben Lindeman on Friday night and Mrs. J. C. Komar and son of Cameron visited them Saturday morning.

Mr. and Mrs. Carlton Parker of Hewett and Mr. and Mrs. Arthur Davenport visited the Henry Davenports Sunday evening.

Mrs. Aleta Marek returned home Sunday evening after spending 10 days with Mr. and Mrs. Billy W. Marek and Stephanie of Plano.

Mr. and Mrs. Herman Stoebner of Temple had supper with Mr. and Mrs. Ervin Stoebner Sunday.

Mr. and Mrs. Clinton Grimm of Thorndale visited Mr. and Mrs. Ervin Stoebner Saturday evening and joined the trail-riders at Burlington Hall later.

Mrs. Mary Prescott of Rosebud, Mrs. Julia McCollum of Cameron, Mrs. Monroe Parcus and Mrs. Santos Nava of Rosebud visited Mrs. J. T. Prescott and Jake during the week-end.

Mrs. Aleta Marek entertained the 42 Club Tuesday afternoon. Wolf and Son Gin at Burlington has gained 1850 bales of cotton up to Monday evening.

Lyles Drops Court Appeal

A motion to withdraw his appeal of a decision revoking his probation was granted to Leland Lyles in Milam County District Court Tuesday and he was transferred to the Texas Department of Corrections last week.

The appeal has been pending since April of this year, according to County Atty. John B. Henderson Jr., when District Judge W. C. Wallace revoked the probation earlier given to Lyles and Michael Charles Mad-dox.

The two men were sentenced to two years imprisonment in connection with a robbery which occurred near Buckholts on March 14, 1970.

Social Studies At Rogers Will Be On Local Level

ROGERS

In order to have a practical local and interesting social studies project as part of the new social studies program in Texas, Rogers Elementary School is working with the Education Service Center Region XII in Waco in developing a strictly local program.

This program will be initiated in the first grade. Bob Sloan, Director of Instructional Media Services at the Center, will work with local faculty members on the project.

Sloan thinks by starting the program in the first grade as a "low key" project, "it will grow into a very worthwhile and innovative program spanning all grade levels and many subject areas."

Included in the project will be a great deal of picture taking of business houses in the school district, city limits signs, gas and water meters being read by company or city men, a ready-mix concrete machine by Tuc's

Enterprises, old depot and railroad tracks, churches and ministers, volunteer fire department; pictures of city officials, as the mayor, city marshal, water superintendent, city secretary etc.; pictures of the Rogers Housing Project, schools and football field, and other landmarks and places of interest. These photographs then will become part of the course of study or items of interest about the Rogers school community for the first grade children to study and learn about.

Abacadabra

Nickel seems to have magical properties when it is joined with other metals. Both nickel and low-carbon steel have tensile strengths of about 50,000 pounds per square inch. However, when nickel is added to steel in amounts ranging to 20 per cent, the result is an alloy with strengths to 350,000 psi after proper alloying and heat treatment.

MarketReport 14 Area Students Enroll At TSTI

At Cameron Livestock Auction Thursday, cattle and calf receipts totaled 900 head compared to 675 last week and 830 last year. Hogs totaled 250.

Prices paid:

Boars	7.00	8.10

Thirteen students from Cameron and one from Buckholts are listed among enrollees at the James Connally Campus of the Texas State Technical Institute in Waco.

TSTI opened its fifth year this fall with a total of 57 different courses of study.

The students and their courses are:

Mary L. Stecher, daughter of Mr. and Mrs. Monroe M. White Sr., floriculture and horticulture; Dwight Alan Jekel, son of Mr. and Mrs. Conrad Jekel Jr., electronics technology; John W. Hosch, son of Mr. and Mrs. George E. Hosch, airframe mechanics; John Hanel, son of Mr. and Mrs. Clarence Hanel, electronics technology; William Goetze, son of Mr. and Mrs. Ray Goetze, airframe mechanics.

Cleo Canady, son of Ira Canady, dental laboratory technology; David Bell, son of Mr. and Mrs.

Willie Joe Bell, welding technology; Stephen G. Basonic, son of Mrs. Christine J. Hubert, automotive mechanics;

Harvey G. Wallace, son of Olena F. Wallace, welding technology; Aubrey G. Warrick, son of Elzie Warrick, meat processing and marketing; Rodney Thorpe, son of Mr. and Mrs. Ted Smith, technical communications.

Wendell B. Taylor, son of Mr. and Mrs. Alfred Taylor, welding technology; James L. Hoskins, son of Mr. and Mrs. Ervin Hoskins, electronics technology; and Maurice T. Mikulec, son of Mr. and Mrs. Frank Mikulec of Buckholts, welding technology.

PETTY AT CONFERENCE

Marvin Petty, Veterans County Service Officer for Milam County, attended the 23rd annual Statewide Rehabilitation Conference for Veterans Service Officers in Austin October 5-8.

A baby has about 9,000 taste buds, and adult about 3,000.

MISCELLANEOUS

THANK YOU

To our many friends and neighbors for the numerous deeds of kindness and consoling expressions of sympathy shown us during the illness and passing of our loved one, Mr. Doyle S. Smith, Sr.

To Dr. Boyd and his efficient staff for the untiring service rendered, we pray God's choice blessings upon - always.

The D. S. Smith Family

CARD OF THANKS

I wish to say thank you to all my friends who sent flowers, and cards and good wishes and your prayers. I especially want to thank Dr. S. H. Richardson, Father Geiser, Father Foltyn and the Sisters at St. Edward, and all their staff that made my stay in the hospital very pleasant, and I am recovering nicely.

May God Bless all of you.
Anton Anderle

OUTDOORS IN TEXAS

BY VERN SANFORD

Here's an unusual outdoors story! We got a chuckle out of it . . . and perhaps you may, too.

Most everyone has heard the story of the hunter who had an exceptional retriever. It walked on water!

One day the hunter took a friend out in his boat, along with that supernatural dog. As soon as a flock of ducks flew overhead, the dog owner aimed, fired and dropped a duck into the lake. Immediately, the dog jumped out of the boat and walked on top of the water to the felled bird, mouthed it and . . . again walking on top of the water . . . returned to the hunters with the duck. There was no comment from the other hunter.

It wasn't long until his master shot another duck; and the dog repeated his water-walking act. Still no comment!

When it happened the third time and his companion hadn't emitted a word, the dog owner finally asked his friend "What do you think of my retriever?" To which the second hunter replied: "I think he oughta learn how to swim!"

Maybe that wasn't a true story— but this one is.

UT Journalism Prof. Olin Hinkle has a place on Lake Travis to relax and fish. One of his neighbors has a fine dog that has been taught to retrieve and loves to do it. Also to swim!

Often, while Olin is fishing from

his boat, the dog will jump into the water, swim out to the boat and join the professor.

Being a retriever, the animal jumps overboard after every cast and heads for the spot where Olin's top-water chugger is making noise. This poses a problem for Olin for he has to be sure that the lure and its hooks never get too close to the dog.

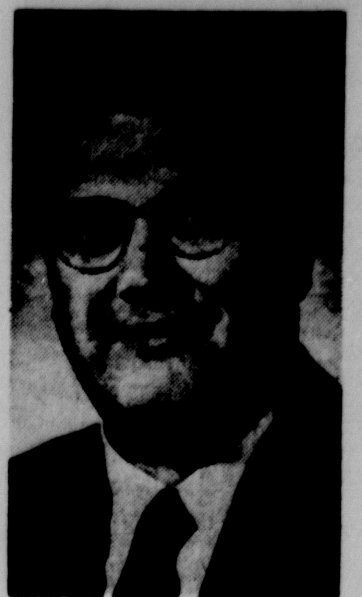

One time, unfortunately, it happened. The dog grabbed the lure in its mouth and headed back to the boat. It climbed aboard with the hooks still in its jaws.

Olin finally removed the sharp points of the treble hooks from the retriever's mouth as it sat there calmly awaiting attention and emitting not one whine.

But, did you ever see a fisherman reeling in a dog? That's how it looked to strangers.

Another of Hinkle's Lake Travis neighbors has a water-loving dog that enjoys a swim too. In fact, he's so fond of being in the water, that the animal mystifies the new boaters in the area when they see him sitting on large, just barely submerged boulders some distance from shore.

Can you imagine a boater turning the corner in a cove and coming upon a dog just resting there on top of the water, in the middle of the lake? That's how it looks and that's what he does. And often too!

ROBERT SALACH

R. L. Salach Is Promoted

Robert Lee Salach, son of Mrs. Steve Salach Jr. of Cameron, has been promoted to assistant master mechanic at Northern Indiana Public Service Co.'s Gary Generating Station.

A Yoe High School graduate, Salach received an electrical certificate from Chapman College in Los Angeles. He also attended Rets Electronic School in Hammond, Ind.

He served three years with the United States Navy in World War II and was discharged with the rank of Petty Officer Electrician's Mate First Class. He joined NIPSCO July 6, 1961.

SINCE 1860

BOOK FAIR AHEAD - Friends of the Library officers (l to r) Mrs. Jim Camp, Mrs. Delbert Burlison and Mrs. Jack Tumlinson look through books for the upcoming Book Fair. Duplicate books in the Cameron Public Library and book donations will be sold with

proceeds to be used for the purchase of new library books. Donations of hard back and paper back books are needed for the fair and may be left at the Cameron Public Library, or will be picked up by calling 697-2157.

To Mr. and Mrs. Mike Taylor, a boy, Timothy Lane, 5 pounds 9 1/2 ounces, born 4:50 p.m. September 23 at Scott and White Hospital, Temple.

To Mr. and Mrs. C. Mark Duval of Dallas, a girl, Laurie Marie, 8 pounds 4 1/2 ounces, born 6:39 p.m. September 29. A baby brother, Mark Edward, was adopted by the Duvals last January. Grandparents are Mrs. Ruben Johnson of Cameron and the late Ruben Johnson, and Mr. and Mrs. Joe Duval of Sherman. Mrs. Duval is the former Louise Johnson of Cameron.

Nickel Finds Many Uses
Nickel is one of the most versatile elements in the world. Fully 820 million pounds of it were consumed in the free world in 1969, and the major uses were for consumer, residential and institutional products. Industrial and transportation equipment came next, followed by the automotive industry, which ranked third.

Study Club Program On Good Driving

Mrs. Bartow Jackson was hostess to the Pleasure and Profit Club at her home on October 8. Mr. Floyd Tippit, director of Education for the Texas Department of Public Safety, presented the program, "The Right Side of the Road."

Mr. Tippit explained some recent driver laws and discussed special driving problems. He emphasized the problem of the slow driver who persists in driving in the middle or left of the highway. He also explained the tests given the driver who drinks.

A question and answer period followed when Mr. Tippit assured members that he would rather speak to club members at a meeting than on the side of a highway when they might be stopped for a traffic violation.

The president, Mrs. J. A. Bowling presided over a short business session.

The hostess served chicken salad in toast crisps, applesauce cake with whipped cream and coffee.

The Club adjourned to meet on October 17 for a luncheon at Frank's on Lake Belton. Mrs. W. F. Grimes will present a book review.

GOLDEN WEDDING - Mr. and Mrs. Herman Dornier Sr. of Burlington will celebrate their 50th wedding anniversary Sunday, October 18. An open house will honor the couple at Burlington Hall, from 2 to 5 that afternoon. Friends and relatives are invited.

Rock Show To Open At Temple Mall

Fossils, Indian artifacts, faceted stones, cabachons and mineral specimens will be on display next week at the Tri-City Gem and Mineral Society's first annual Gem and Mineral Show.

The show, free to the public, will be located in the Towne & Country Shopping Center mall at Temple Thursday, Oct. 15 through Saturday, Oct. 17, from 9 a.m. each day.

Of special interest will be: tektites -- including the largest one found in North America. These rocks are considered by some authorities to be of celestial origin.

-- Local, well-preserved Indian skeleton and related artifacts.

-- Talking with club members about interesting rocks found locally plus how to work them up into attractive displays or jewelry.

Largest coral formation in the world is the Great Barrier Reef which is 1,350 miles long.

Buckholts Class Has Reunion

The Buckholts High School Class of 1960 held its first class reunion prior to the Buckholts versus Aquilla Homecoming football game Saturday.

Those attending were Marc and Wanda Gersbach of Waco; Carroll Wayne and Sandra Glaser and daughter Julie, of Rockdale; Donald Ray and Stella Glaser and daughters, Carol and Janet of Mesquite;

Also, James and Jeannette Glaser and children, Deborah and Darrell, of Buckholts; Stanley J. and La Velle Glaser and

daughter Jocelyn, of Buckholts; Mrs. Rosie Gonzales of Buckholts;

And, Edward and Nancy Green and daughters Kathleen and Jennifer, of Friendswood; and Martin and Obeta Martinez and son Ralph of Christman.

The next class reunion will be held in 1975.

Republican Women Form Club

The new Milam County Republican Women's Club held its first monthly meeting Thursday in Rockdale, and elected officers for the coming year as highlight of its program.

Sixteen members attended the meeting, which was held in the Rockdale State Bank's community room.

Officers elected were Mrs. John Mudge of Rockdale, president; Mrs. Edwin Lehmann of Buckholts, vice president; and Mrs. Tom Beery of Rockdale, secretary-treasurer.

The Milam County Republican Women's Club will hold its meetings on the second Thursday of each month. The November meeting will be held in Cameron in the First National Bank's community and directors room. Arrangements are being completed to have a speaker for the program.

St. Monica's Ladies Meet

St. Monica's Ladies Society met Tuesday for a regular monthly meeting with good attendance and three new members present.

Committees gave reports with Mrs. Pete Mikula reporting that seven Ladies were at the blood bank and the Ladies will help with the United Fund drive.

It was voted to pay the remaining part of the \$500 pledged to St. Edward Hospital building fund.

The St. Monica's Society will serve the 4-H Awards banquet at Simon George Hall November 19. Mrs. Frank Hanel is chairman of the banquet meal. The national convention will be held in Minneapolis in November and several Ladies from the diocese of Austin will attend.

J. Duncum Is Promoted

John M. Duncum, son of Mr. and Mrs. M. C. Duncum of Cameron, has been promoted to associate general manager in the real estate investment department of the Prudential Insurance Co. at Newark, N.J.

Before his promotion, Duncum was a manager, real estate investments in the company's Southwestern home office at Houston.

He is a native of Texas and received his bachelor's degree from Abilene Christian College and a master's degree from Sam Houston State University.

Duncum joined Prudential in its Dallas real estate investment office in 1963.

it's up to you!
